---

Dear Sir/Madam,

Following are the enrollment forms that are required to secure your position in our Intern Program for your **Free Website Design.** As a reminder, this is a rare opportunity and positions are awarded on a "first serve basis." The "Free" website design positions fill very quickly, so take five minutes to fill out your enrollment forms and fax them to me today or tomorrow.

You will have up to eight weeks to get your design materials together.

You can visit our website **www.webtechinstitute.com.** (Scroll down and click on "Intern Testimonials") to view some of the outstanding sites that have been developed free for other companies throughout the United States in this Program.

Please feel free to call me if you have any questions.

Sincerely,

Gail Hampton
Website Coordinator

> **Special Note:** Our interns are not on any type of salary. Their only reward is making you happy by developing a clean and professional website that you would be proud to call your own, and a website that will be used as a reference to help advance their careers in the web technology industry.
>
> However, we welcome your gratuity (Tips) to any intern that you feel is worthy of your voluntary financial generosity.
